Products and Services

DK Jones Limited Piping Products

International Suppliers of Piping and Associated Products

DK Jones provides materials for clients both small and large in the Oil, Gas, Power, Chemical and Petrochemical sectors worldwide.

Founded in 1983, initially to represent major western European manufacturers in the U.K., the company has grown to become a regular supplier to a wide range of U.K. customers and a leading provider to many overseas fabricators, stockists and trading companies.

With stock levels of over 4,000 tonnes of prime quality fully certified material and support from many leading manufacturers **DK Jones** is able to supply a wide range of products either from stock or on short delivery times.

A “same day” machining service is available on a wide range of semi finished stock ensuring a very quick delivery time for many “non standard” items.

“Small orders” are no problem to us and we are normally able to despatch urgent items the same day by courier service or airfreight.

For quick deliveries from new customers we are happy to accept Credit Card payments.

Whether you require one single fitting NOW or a complete package of materials with a scheduled delivery time **DK Jones** are happy to help you.
